

Final Project

Deliverables and Logistics

1. Identify the topic of your interest and **team up with ONE of your classmates** to form a **team of TWO**. The team will then select a team LEADER who will communicate with the TA all issues regarding the Final Project.
2. Team leader is required to **lock on Canvas Final Project** the topic the team will work on, team members' names, and the dates the team will present their Final Project Phase_1 and Phase_2 during class time, 5-7 minutes the length of each of your presentation.
3. The deadline to lock on Canvas the topic that you selected, team members, and the date that you will present your paper is set to be 5/30/25 by 11:59pm.
4. You are expected to select any available time slot during class time, from the list of presentation dates available on Canvas/Class Discussions to present the team's final project.
5. For **Final Project – Phase_1 (Waterfall)**, Use **Panopto** to record your **MP4 presentations for the live demo of the experimental results** (7-10 slides) in NO more than **5-7 minutes**. Define the problem/topic, discuss the review findings, present your experimental results, and present the concluding remarks.
6. For **Final Project – Phase_2 (Scrum)**, Use **Panopto** to record your **MP4 presentations for the live demo of the experimental results** (7-10 slides) in NO more than **5-7 minutes**. Define the problem/topic, discuss the review findings, present your experimental results, and present the concluding remarks.
7. Only the team leader will communicate with the TA regarding the final project issues or concerns. And it is required on the due dates that the team leader confirm with the TA the names of the team members, presentation date, and topic selected.

8. Please note that there are two phases for the project:

- 1) **Final Project Phase_1**: Waterfall
- 2) **Final Project Phase_2**: Scrum

9. Only the team leader is required to submit on Canvas the final project deliverables on the due date by 11:59pm. The team leader shall submit the Final Project_1 with the name "CS587 Project – Phase_1 – LastName, FirstName" and Final Project_2 with the name "CS587 Project – Phase_2 – LastName, FirstName".

Please note that no more than three teams can work on the same project topic; topics will be allocated based on FCFS. And teams/presentation dates are assigned based on FCFS basis as listed on Canvas.

If you have any questions or need help, please reach out to the TA during the office hours.

Dr. Atef Bader
